**ABSTRACT OF THE ANNUAL TOWN MEETING
TOWN OF DUBLIN
DUBLIN, NEW HAMPSHIRE 03444**

Town Meeting was held in two sessions this year, March 8, 1983 for election of officers and Amendments to the Zoning Ordinance and Land Use Regulations. March 12, 1983 for the decision of Warrant Articles and Budget, recessed per order of Moderator to April 30, 1983 limited to Article 9 and other non-monetary items.

March 8, 1983, Town Hall, Dublin, N.H. Polls opened 10:00 a.m. closed at 6:00 p.m. C. Robertson Trowbridge, Moderator, presiding. Results were as follows:

Article 1. Officers elected: Town Treasurer for one year, Mary E. Krogman; Selectman for three years, Robert W. Krogman; Highway Agent for one year, Clarence Babneau; Trustee of Trust Funds for three years, No Candidate; Library Trustee for three years, Jill Lawler; Water Commissioner for three years, Mark C. Brening; Cemetery Committee for three years, P. Albert Rajaniemi; Member Planning Board for one year, No Candidate; Member Planning Board for three years (2 members) Norman R. Davis and Lois F. Reiss; Member Recreation Committee for three years, Willard W. Oja; Member Budget Committee for one year, Adele R. Knight; Member Budget Committee for three years (2 members) Nancy E. Campbell and C. Mitchell Wenigmann; Contoocook Valley School District Moderator for one year, Harvey H. Chandler; Contoocook Valley School District School Board Member for three years, E. Story Wright.

Article 2. Proposed Amendments to Zoning Ordinance and Land Use Regulations. Are you in favor of the adoption of Amendment No. 1 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Article III, General Provision, which clarifies requirements for parking space, permits a four square foot sign for home occupations, and maintains a residential exterior appearance to the dwelling, and deletes outdated material? 176 Yes, 65 No.

Are you in favor of the adoption of Amendment No. 2 as proposed by the Planning Board per the Town Zoning Ordinance as follows: Article VII Nonconforming Uses which clarifies the article and allows the Board of Adjustment to enlarge or expand up to twenty (20) percent a nonconforming use and to change a nonconforming use to another use equally or more appropriate to the zoning district? 145 Yes, 82 No.

Are you in favor of the adoption of Amendment No. 3 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Article VIII Table of Use Regulations which allows one use on one lot. Also Article X Board of Adjustment which clarifies those uses that require a special exception such as kennels, veterinary hospitals, hotels, motels or inns, and restaurants may only be located on a State or publicly approved Town Road. Also Article XVI Definitions, frontage shall be the length of the lot bordering a publicly approved road. 153 Yes, 80 No.

March 12, 1983, Meeting called to order 10:00 a.m., C. Robertson Trowbridge, Moderator, presiding:

Article 3. Officers chosen by voice vote: Measurer of Wood and Bark, Clarence Babneau, Memorial Day Committee, Brian M. Barden, Robert O. Blanchette, Daniel J. Walsh.

Article 4. Moved the Reports of Agents, Auditors, Committees, be accepted as printed. Carried.

Article 5. Moved that the Town accept the Herbert and Isabel Pratt Cemetery Lot Perpetual care Trust Fund for \$200.00. Carried.

Article 6. Moved that the Town raise and appropriate the sum of \$3,494.00 (Three thousand four hundred ninety-four dollars) for the Monadnock Community Visiting Nurse Association to support the continuance of Health Services now being provided through an agreement with Home Health Care and Community Services Inc. Carried.

Article 7. Moved that the Town Raise and appropriate the sum of \$649.00 (Six hundred and forty-nine dollars) to support the service of the Monadnock Family and Mental Health Services. Carried.

Article 8. Moved that the Town vote to authorize the withdrawal of \$1,000.00 (One thousand dollars) from the cemetery enlargement Capital Reserve Fund and to appropriate the same for a Cemetery Enlargement project. Carried.

Article 9. Moved that the Town raise the sum of \$15,576.00 (Fifteen thousand five hundred seventy-six dollars) and authorize the withdrawal of \$7,424.00 (Seven thousand four hundred twenty-four dollars) from the sidewalk capital reserve fund account and appropriate the sum total of \$23,000.00 (Twenty-three thousand dollars) for the construction of a non-raised sidewalk from the existing sidewalk at the west end of the village to the Women's Club Beach at Dublin Lake. Move to be passed over and recessed to April 30, 1983, 10:00 a.m. Motion to recess. Carried.

Article 10. Moved that the Town Raise and Appropriate the sum of \$1,050.00 (One thousand fifty dollars) for the purchase of a new radio for the Fire Department Rescue Truck. Carried.

Article 11. Moved that the Town raise and appropriate the sum of \$6,500.00 (Six thousand five hundred dollars) for the purchase of a 5.1 Cubic Yard Swenson Truck Body-type sand spreader for the Highway Department. Carried.

Article 12. Moved that the Town raise the sum of \$2,500.00 (Two thousand five hundred dollars) and authorize the withdrawal of \$6,089.00 (Six thousand eighty-nine dollars) from the Police Cruiser Capital Reserve Fund Account and appropriate the sum total of \$8,589.00 (Eight thousand five hundred eighty-nine dollars) for the purchase of a new police cruiser. Carried.

Article 13. Moved that the Town Raise and appropriate the sum of \$750.00 (Seven hundred fifty dollars) for the purchase of new draperies for the library. Carried.

Article 14. Moved that the town vote to accept and expend the sum of \$55,000.00 (Fifty-five thousand dollars) together with any other private donations, accrued interest, and monies from the sale of merchandise and maps, for the renovation of the Town Hall. Carried.

Article 15. Moved that the town vote to borrow the sum of \$30,000.00 (Thirty thousand dollars) and appropriate the same for the rehabilitation of the Town Hall and to pay the 1983 interest charges on these notes, and to authorize the Selectmen and Town Treasurer to issue, in the name of, and on the credit of the Town, negotiable notes therefor, said notes to be paid over a term of three (3) years. Article carried by ballot 78 Yes to 27 No.

Article 16. Moved that the town raise and appropriate the sum of \$975.00 (Nine hundred seventy-five dollars) to refinish the Library Floors. Carried.

Article 17. Moved that the Town raise and appropriate the sum of \$1,700.00 (One thousand seven hundred dollars) to pay for specified training drills for the firemen. Carried.

Article 18. Moved that the Town raise and appropriate the sum of \$5,050.00 (Five thousand fifty dollars) for the overhaul of the Water Pump and Lines and the purchase of two new fenders for the 8M3 Fire truck. Amended to read \$6,000.00 (Six thousand dollars) for compartment for protective clothing to be added onto truck. Motion as amended carried.

Article 19. Moved that the Town raise and appropriate the sum of \$4,725.00 (Four thousand seven hundred twenty-five dollars) for the purchase of breathing apparatus equipment for the firemen. Carried.

Article 20. Moved that the Town raise and appropriate the sum of \$3,600.00 (Three thousand six hundred dollars) for the completion of the railing and parking area project adjacent to the Library and the Town Hall. Carried.

Article 21. Moved that the Town raise and appropriate the sum of \$4,000.00 (Four thousand dollars) for the purchase and installation of a new fiberglass flagpole for the oval. Carried.

Article 22. Moved that the Town raise and appropriate the sum of \$8,000.00 (Eight thousand dollars) for further excavation at the present landfill site and to start making the required preparation for the closure of the Landfill operation. Carried.

Article 23. Moved that the Town vote to contract with the Appraisal Division of the State Department of Revenue Administration to conduct a complete revaluation of all Real Estate and Taxable Property in the Town of Dublin, starting in 1984 or thereafter, and move that the Town raise and appropriate the sum of \$5,000.00 (Five thousand dollars) to start a capital reserve account for this specific purpose. Carried.

Article 24. Moved that the Town raise and appropriate the sum of \$15,000.00 (Fifteen thousand dollars) for Capital Reserve, to be allocated to Capital Reserve Accounts as follows: Landfill Conversion \$8,000.00, Heavy Highway Equipment \$7,000.00. Carried.

Article 25. Moved that the Town raise and appropriate the sum of \$300.00 (Three hundred dollars) for the support of the Grand Monadnock Arts Council. Carried.

Article 26. Moved that the Town raise and appropriate the sum of \$300.00 (Three hundred dollars) for the support of the Monadnock Community Day Care Center, a non-profit agency. Failed.

Article 27. Moved that the Town authorize the withdrawal from the Federal Revenue Sharing Fund for the use as an offset against Budgeted appropriations for the following purposes and in the amounts indicated herewith:

Article 10. Rescue truck radio	\$1,050.00
Article 11. Highway truck sander	\$6,500.00
Article 12. Police cruiser	\$2,500.00
	Carried.

Article 28. Moved that the Town accept the Budget submitted by the Budget Committee together with any changes which have already been approved and raise and appropriate the sum of money which represents the total appropriations approved by Town Meeting. Total Budget approved \$489,854.00 (Four hundred eighty-nine thousand eight hundred fifty-four dollars). Carried.

Article 29. Moved that the Town authorize the Selectmen to administer and dispose of any real estate acquired by Tax Deed. Carried.

Article 30. Moved that the Town go on record in support of immediate actions by the Federal Government to control and reduce acid rain which is harmful to the environment and economy of Dublin, N.H., and to the health and welfare of the people of Dublin. 1. Reduce by at least half the major cause of acid rain, sulfur dioxide emissions, by the year 1990. 2. Conclude negotiations and adopt a treaty with the Government of Canada that will commit both Nations to this same goal. Carried.

Article 31. Moved that the Town vote to have the Selectmen appoint a committee of 5 members to investigate and study the feasibility of having a Town Manager and/or an Administrative Assistant to the Selectmen and to report their findings and recommendations back to the Town at the 1984 March Town Meeting. Carried.

Article 32. Moved that the Town rescind the action taken at the March 12, 1963, Town Meeting which accepted the Standard State of New Hampshire Highway Wage scales for the employees of the Town Highway Department. Carried.

Article 33. Moved that the Town vote to make the Town Highway Agent's position a Three (3) Year term. Moved to pass over to April 30, 1983.

Article 34. Moved that the Town authorize the Selectmen to borrow money in anticipation of taxes. Carried.

Article 35. Moved that the Town authorize the Selectmen to apply for, to accept and expend on behalf of the Town or any Department thereof, any and all grants or other funds for municipal purposes which may now or hereafter be forthcoming, over and above the total appropriation voted by the Town, in accordance with RSA 31:95b. Carried.

Moved that the Town Meeting be recessed until 10:00 a.m., April 30, 1983, at the Dublin Consolidated School at which recessed meeting the Town will take up the subject matter of Article 9 and the subject of Article 33. Also, may make adjustments to budget totals to reflect more recent information in addition to whatever financial action is taken under Article 9. Carried. Recessed at 1:07 p.m.

April 30, 1983, 10:00 a.m. Meeting called to order by Moderator C. Robertson Trowbridge. Resolution read and presented to Nellie A. Crossley, Town Treasurer for Thirteen (13) Years.

Article 9. Moved that the Town of Dublin raise \$15,576.00 (Fifteen thousand five hundred seventy-six dollars) and authorize the withdrawal of \$7,424.00 (Seven thousand four hundred twenty-four dollars) from the sidewalk capital reserve fund account and appropriate the sum of \$23,000.00 (Twenty-three thousand dollars) for the purpose of constructing an off-road pedestrian and bicycle path between the westerly end of the existing sidewalk on Main Street to the Women's Club beach. Said appropriation shall be used to cover project costs including legal expenses to the Town, surveys, materials, construction and other related project costs. Rights-of-way for the path are to be acquired by the Town through the voluntary donation of the property by deed, conservation easement, or other similar means. At such time as the Town determines that the pathway is no longer needed, the right-of way shall revert to the then current property owner. This motion shall not limit future town meetings from acting to acquire the property by other than voluntary means. Carried.

Article 33. Moved that the Town pass over Article 33. Carried.

Meeting Adjourned at 11:00 a.m.

Respectfully submitted,
Anita J. Crowell, C.M.C.
Town Clerk

TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the inhabitants and voters of the Town of Dublin qualified to vote in Town Affairs: You are hereby notified that the polls will be open at the Town Hall Lower Meeting Room from 10:00 A.M. to 6:00 P.M. on Tuesday, March 13, 1984 to ballot for Town Officers (Article 1). Pursuant to the authority of RSA 39:2-a and the vote of the Town on March 13, 1979, all business, other than ballot questions, will be recessed until March 17, 1984 at 10:00 A.M. at the Dublin Consolidated School to act upon the following: (Except Article 1).

“To see if the Town will vote to expend the sum of \$2,056.00 (two thousand, fifty-six dollars) for the purchase of a new traffic radar set, and to raise and appropriate the sum of \$1,028.00 (one thousand, twenty-eight dollars) therefor and to accept and appropriate the sum of \$1,028.00 (one thousand, twenty-eight dollars) from the New Hampshire Highway Safety Agency for such purpose or take any other action relating thereto.” (Recommended by the Budget Committee)

ARTICLE 12

“To see if the Town will vote to raise and appropriate the sum of \$1,388.00 (one thousand, three hundred eighty-eight dollars) for the purchase of a Police Station Base Radio or take any other action relating thereto.” (Recommended by the Budget Committee)

ARTICLE 13

“To see if the Town will vote to raise and appropriate the sum of \$870.00 (eight hundred seventy dollars) for the purchase of a hand held Motorola Portable Radio for the Police Department or take any other action relating thereto.” (Recommended by the Budget Committee)

ARTICLE 14

“To see if the Town will vote to raise and appropriate the sum of \$25,250.00 (twenty-five thousand, two hundred fifty dollars) and to further authorize the withdrawal and the appropriation of \$5,200.00 (five thousand two hundred dollars) from the “Property Revaluation Capital Reserve Fund” for the purpose of having the Appraisal Division of the Department of Revenue Administration (State) complete a revaluation of the Real Property in Dublin during 1984 or take any other action relating thereto.” (Recommended by the Budget Committee)

ARTICLE 15

"To see if the Town will vote to raise and appropriate the sum of \$6,250.00 (six thousand, two hundred fifty dollars) for the purpose of painting the exterior of the Town Hall or take any other action relating thereto." (Recommended by the Budget Committee)

ARTICLE 16

"To see if the Town will vote to raise and appropriate the sum of \$2,450.00 (two thousand, four hundred fifty dollars) for the purpose of purchasing two vehicle radios for the Fire Department or take any other action relating thereto." (Recommended by the Budget Committee)

ARTICLE 17

"To see if the Town will vote to raise and appropriate the sum of \$2,300.00 (two thousand, three hundred dollars) for the purpose of repainting and restaining the exterior of the Dublin Public Library or take any other action relating thereto." (Recommended by the Budget Committee)

ARTICLE 18

"To see if the Town will vote to establish the position of "Clerk to Selectmen" effective June 1984, said position to be considered a full-time position eligible for the Town's Blue Cross/Blue Shield Health Insurance plan, and to raise and appropriate the sum of \$7,500.00 (seven thousand five hundred dollars) to cover the salary of this position for the remaining seven months of the year 1984 or take any other action relating thereto." (Recommended by the Budget Committee)

ARTICLE 19

"To see if the Town will vote to raise and appropriate the sum of \$5,000.00 (five thousand dollars) for the purpose of improving access to and egress from the Lower floor of the Library in order to comply with the "Life Safety Code," or take any other action relating thereto." (Recommended by the Budget Committee)

ARTICLE 20

"To see if the Town will vote to raise and appropriate the sum of \$300.00 (three hundred dollars) for the support of the "Monadnock Day Care Center," a nonprofit agency, or take any other action relating thereto." (By Petition) (Not recommended by the Budget Committee)

ARTICLE 21

"To see if the Town will vote to raise and appropriate the sum of \$16,500.00 (sixteen thousand five hundred dollars) to be placed in the Capital Reserve, to be allocated against Capital Reserve Accounts as follows:

Capital Reserve Account	Amount
Heavy Highway Equipment	\$7,000.00
Fire Equipment	5,000.00
Police Cruiser	4,500.00

or take any other action relating thereto." (Recommended by the Budget Committee)

ARTICLE 22

"To see if the Town will vote to authorize the withdrawal from the "Federal Revenue Sharing Fund" for use as an offset against Budget appropriations for the following specific purposes and in the amounts indicated herein:

Appropriation	Article	Amount
Closing & Capping Landfill	8	\$4,073.00
Jaffrey Landfill Fee	10	2,623.00
Police Radar Set	11	1,028.00
Police Base Station Radio	12	1,388.00
Police Portable Radio	13	870.00
Two Vehicle Radios for Fire Dept.	16	2,450.00

or take any other action relating thereto." (Recommended by the Budget Committee)

ARTICLE 23

"To see if the Town will vote to accept the Budget submitted by the Budget Committee and to see what sum the Town will vote to raise and appropriate in relation thereto or take any other action relating thereto." (Recommended by the Budget Committee)

ARTICLE 24

"To see if the Town will vote to authorize the Selectmen to administer and dispose of any Real Estate acquired by Tax Deed, or take any other action relating thereto."

ARTICLE 25

"To see if the Town of Dublin shall call upon the Governor and Executive Council, its State Representative(s) and State Senator to promptly convene a Special Session of the Legislature for the sole purpose of preventing the imposition of huge cost increases in electric rates resulting from the Seabrook Nuclear Power Plant on the citizens, businesses, schools and agencies in the Town of Dublin, and to direct the Selectmen to promptly notify our above listed elected officials of the Town's Desire." (By Petition)

ARTICLE 26

"To see if the Town will vote to discontinue the Town Road from its point of junction with the Upper Jaffrey Road to the Hugh and Luetta Eaton residence (this road is presently discontinued subject to Gates & Bars) in accordance with RSA 231:43." (By Petition)

ARTICLE 27

"To see if the Town will vote to authorize the Dublin Community Preschool to utilize the lower floor of the Town Hall during their school year on Monday thru Thursday from 8:30 A.M. to 12:30 P.M. and Fridays from 8:30 A.M. to 2:30 P.M. subject to a daily cancellation for important Town requirements, on a cost reimbursable basis or take any other action relating thereto."

ARTICLE 28

"To see if the Town will vote to separate the Property Invoice and Assessment Report from the Annual Town Report and to have the property assessments published only after a complete property revaluation and/or every three to five years whichever comes first, at a considerable saving to the Town, or take any other action relating thereto."

ARTICLE 29

"To see if the Town will vote to accept Legacies and Gifts to the Town in trust or otherwise by any individual or individuals, or take any other action relating thereto."

ARTICLE 30

"To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes."

ARTICLE 31

"To see if the Town will vote to authorize the Selectmen to apply for, to accept and expend on behalf of the Town or any Department thereof, any and all grants or other funds for Municipal purposes which may now or hereafter be forth coming, over and above the total appropriation voted by the Town in accordance with RSA 31:95b or take any other action relating thereto."

Given under our hands and seals this 25th day of February 1984.

James E. Cuddihee, Chairman

John J. McKenna

Robert W. Krogman

Posted this 25th day of February, 1984 at the Dublin Town Hall, Post Office and Carr's Store at Bonds Corner.

REPORT OF THE BUDGET COMMITTEE

Your Budget Committee met ten times between the March 1983 Town Meeting and year-end '83. To comply with the Municipal Budget Law, the Committee met in May, August and October for quarterly reviews of Town expenditures. Julien McKee was elected Committee Chairman at the October meeting. C. Mitchell Wenigmann was elected Committee Secretary at a meeting held November 15. Nancy Campbell served as Acting Secretary up to that time, and the Committee is very grateful for her help. Bryan Hastings resigned from the Committee for personal reasons at the end of November. The Town Moderator appointed Roy A. Johnson to serve in his place until the March 1984 Town Meeting.

To develop the 1984 budget, the Committee began meeting with heads of departments on November 1st and has met every week, except for Thanksgiving, Christmas and New Year's weeks, since that date. As of this writing, the Committee has met with all department heads once and will now turn to the task of finalizing the budget to be presented at the Public Hearing which will be held on January 24, 1984.

There will not be a separate Public Hearing on General Revenue Sharing this year. The Budget Committee hopes President Reagan will sign a bill to extend this Act. Revenue Sharing has been a great help to cities and towns, including Dublin.

The largest new expense facing the Town in 1984 will be to cover and close the sanitary landfill (town dump) operation and then convert the site to a facility for compacting and transporting solid waste to some final resting place away from the town.

The Committee welcomes this opportunity to express its appreciation to Jim Cuddihee, its Selectmen's representative, for his help and support.

Respectfully submitted,
Julien D. McKee,
Chairman
Nancy E. Campbell
Roy A. Johnson
Adele Knight
Linda Van Wyk
C. Mitchell Wenigmann
James E. Cuddihee,
Selectmen's Representative

Smith,
Batchelder
& Rugg

CERTIFIED
PUBLIC ACCOUNTANTS

To the Board of Selectmen of the
Town of Dublin:

We have examined the financial statements (as indexed in the Table of Contents) of the Town of Dublin for the year ended December 31, 1983, and the statement of revenues, expenses and changes in fund balances - nonexpendable trust funds for the year ended December 31, 1982. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The Town of Dublin has not maintained a record of its general fixed assets and, accordingly, a statement of general fixed assets, as required by generally accepted accounting principles, is not included in the financial report.

In our opinion, except for the effects of the omission of a statement of general fixed assets, the financial statements referred to above present fairly the financial position of the Town of Dublin as of December 31, 1983, the results of the financial transactions for the year then ended, and the nonexpendable trust fund revenues, expenses and changes in fund balances for the year ended December 31, 1982, in conformity with generally accepted accounting principles applicable to government entities applied on a basis consistent with that of the preceding year.

The accompanying notes to financial statements
are an integral part of this statement.

TOWN OF DUBLIN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1983

1. Summary of significant accounting policies:

The accounting policies of the Town of Dublin conform to generally accepted accounting principles for local governmental units, except as indicated hereinafter. The following is a summary of significant accounting policies.

Basis of accounting - The accrual basis is used for all fiduciary funds. Governmental funds utilize the modified accrual basis whereby revenues are recorded when measurable and available. Expenditures are recorded when the liability is incurred (accrual basis).

General fixed assets - Fixed assets acquired or constructed for general government services are recorded as expenditures in the fund making the expenditure. Funds used to acquire general fixed assets and/or debt service payments on borrowings in connection therewith are accounted for as expenditures in the year payments are made. This is contrary to generally accepted accounting principles which require that general fixed assets be capitalized and accounted for in a separate fixed asset group of accounts.

Investments - Investments are stated at cost.

Continuing appropriations - Appropriations for certain projects and specific items not fully expended at year end are carried forward as continuing appropriations to the next year in which they supplement the appropriations of that year. At year end, continuing appropriations are reported as a component of fund balance and are detailed as follows:

Cemetery enlargement	\$ 1,000
Fire truck repairs, fenders, pump, coat rack	6,000
Sidewalk to DWCC Beach	23,000
Firemen training drills	1,192
Landfill excavation	7,984
Flagpole	2,463
Parking area improvement	<u>3,600</u>
	<u>\$45,239</u>

Taxes collected for others - The Town collects taxes for ConVal Regional School District and Cheshire County which are remitted to them as required by law. These funds are accounted for as agency funds.

Interfund transactions - During the course of normal operations, the Town has numerous transactions between funds including expenditures and transfers of resources to provide services and service debt. The accompanying governmental and fiduciary funds financial statements reflect such transactions as transfers.

Property taxes - Annually, the Town establishes an amount for abatements, discounts and refunds of property and resident tax revenues known as overlay. All abatements, discounts and refunds are charged to overlay. Overlay is included under the classification of general government in the financial statements.

TOWN OF DUBLIN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1983

1. Summary of significant accounting policies (continued):

As prescribed by law, the tax collector sells at tax sale all uncollected property taxes in the following year after taxes are due, where applicable. The purchaser at tax sale has a priority tax lien on these properties and accrues interest at 18% per annum. Delinquent taxpayers must redeem property from tax sale purchasers.

Property is sold to the party who will accept a lien for the least undivided interest in the property for payment of taxes and related costs due. If property is not redeemed within the three-year redemption period, the property is tax-deeded to the lien holder.

Retirement system - The Town provides for pension benefits to substantially all full-time employees through a contributory system under New Hampshire law. The law prescribes the formula for computing pension benefits and presently does not permit advance funding of pension liabilities. Pension benefits are paid from Town funding and employee contributions based on date of entry. Pension expense for the year ended June 30, 1983, the latest year end of the New Hampshire retirement system, was approximately \$5,000. There is no unfunded past service liability and the value of vested benefits has not been determined. The date of the last actuarial report on the New Hampshire retirement system is June 30, 1979.

2. Purpose of funds and account groups:

The Town reports its activities in numerous individual funds to comply with the limitations and restrictions placed on both the resources made available to the Town and the services provided. Individual funds and account groups summarized in the accompanying financial statements are classified as follows:

Memorandum totals represent the arithmetic sum of the different fund reported upon and not any specific fund or account group.

A. Governmental funds -

These funds are intended to provide recurring general services. They are controlled by a budget approved by the voters.

General fund - Used to account for all revenues and expenditures which are not accounted for in other funds or account groups.

Special revenue funds - Used to account for specific restricted revenues and expenditures for various purposes. Federal revenue sharing receipts and expenditures are governed by the provisions of the federal revenue sharing regulations. Other receipts and expenditures are governed by statutes or local law.

TOWN OF DUBLIN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1983

2. Purpose of funds and account groups (continued):

B. Fiduciary funds -

Trust and agency funds - These funds are used to account for assets held by the Town in a fiduciary capacity for various purposes, including cemetery operations and taxes collected for other governmental units. Receipts and expenditures of each fund are governed by statutes or local law.

3. Budget:

The Town budget represents departmental appropriations as authorized by annual or special Town meetings. The selectmen may transfer funds between operating categories as they deem necessary.

4. Long-term debt:

Long-term debt, all payable to banks, representing unsecured general obligations of the Town at December 31, 1983 and 1982, consisted of the following:

<u>Due Date</u>	<u>Interest Rate</u>	<u>Annual Principal Payment</u>	<u>1983</u>	<u>1982</u>	<u>Purpose</u>
11/22/86	6 1/2%	\$10,000	\$30,000	\$ -	Town Hall renovations
4/18/87	3 1/2%	2,333	7,004	9,337	Tool barn
7/26/87	5 1/4%	3,977	15,910	19,888	Fire truck
5/27/88	7%	3,000	15,000	18,000	Highway truck
		<u>\$19,310</u>	<u>\$67,914</u>	<u>\$47,225</u>	

Maturities for long-term debt in subsequent fiscal years from December 31, 1983 are as follows:

1984	\$19,310
1985	19,311
1986	19,310
1987	6,983
1988	3,000
	<u>\$67,914</u>

TOWN OF DUBLIN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1983

5. Nonexpendable trust funds:

The principal amount of all nonexpendable funds are restricted either by law or specific terms of individual bequests, in that only income earned thereon may be expended. Principal and income balances at December 31, 1983 are as follows:

	<u>Principal</u>	<u>Income</u>	<u>Total</u>
Common funds	\$133,772	\$ 849	\$134,621
Library building fund	10,720	7,534	18,254
Accumulated income fund	-	36,880	36,880
	<u>\$144,492</u>	<u>\$45,263</u>	<u>\$189,755</u>

6. Expendable trust funds:

Expendable trust funds (capital reserve funds) at December 31, 1983 are detailed as follows:

Heavy highway equipment	\$25,534
Bridge construction	385
Fire equipment	15,405
Police cruiser	1,710
Cemetery equipment	4,806
Dump equipment	15,222
Sidewalk	8,141
Real estate revaluation	5,000
	<u>\$76,203</u>

7. Special revenue fund balances:

Special revenue fund balances at December 31, 1983 consisted of:

Revenue sharing fund	\$ 4,307
Town Hall restoration fund	<u>6,333</u>
	<u>\$10,640</u>

8. Reclassification:

Certain 1982 memorandum totals in the combined balance sheet and combined statement of revenues, expenditures and changes in fund balance - all governmental and fiduciary fund types have been reclassified to conform with the current year's presentation.

PLANNING BOARD
Town of DUBLIN, NEW HAMPSHIRE
Annual Report for 1983

The work of the Planning Board for 1983 reflects the cost of money (current interest rates) and the lag in building of new residences. Subdivisions and land adjustments remained the majority of the Board's work.

Subdivisions requested and their results were:

Eileen & Richard DelNero	Map 7	Lot 23	2 lots	Approved
Springwell Enterprises	Map 7	Lot 58	2 lots	Approved
Joseph Pinney	Map 7	Lot 71	2 lots	Approved
Nancy Kinney & Aileen Kukish	Map 4	Lot 39	2 lots	Approved
Louisa C. Spencer	Map 6	Lot 12	2 lots	Approved
Frank & Angelina Woodward	Map 18	Lot 6	2 lots	Prelim. Approval
Carl & Marsha Niemela	Map 7	Lot 8B	3 lots	Pending
T. Handasyd Cabot Estate	Map 6	Lot 18	5 lots	Pending

Subdivisions were confirmed for registration in the Cheshire County Registry for:

Mr. & Mrs. Robert Smith	Map 19	Lot 1A
Raymond Gauthier	Map 7	Lot 43
James Richards	Map 4	Lot 21

The coordination of approvals for building permits with the Site Inspector, Health Officer, Conservation Commission and Board of Selectmen was pursued. New buildings approved included a bank facility at Carr's Store. Building on Class 6 roads was clarified by the Legislature who passed RSA 674:40 & 41.

A majority of our members attended portions of the Annual Municipal Law Lecture Series presented in Marlboro during September & October to gain an appreciation of the recodification of Planning and Zoning statutes completed by the last Legislature. Major changes to our subdivision and zoning regulations are not required and updating will take place in 1984.

Dublin continues to be a member of the Southwest Region Planning Commission and receives advice, technical assistance and services through the professional staff. The Commission responds to many questions and concerns relating to growth and development of zoning ordinances, subdivision regulations, site plan regulations and review.

The Commission also provides professional assistance and staff support for the Southwest Solid Waste Management District with 20% of 1983 funds and 30% of 1984 funds supporting planning for this top priority task.

Cost-effective cooperative purchasing programs and computer services are also available through SWRPC. Dublin is receiving full measure for its membership in this Commission.

The Board wishes to thank the Trustees of the Library and particularly Mrs. Worcester for allowing us to meet in the Gowing Room of the library while the refurbishment of the Town Hall was taking place from mid-July until mid-November. We appreciated the excellent facility with plentiful parking.

The Planning Board meets the first and third Thursdays of each month at 7:30 p.m. in the Town Hall. All meetings are open public hearings and everyone is welcome.

Respectfully submitted,
 Daniel Walsh, Chairman
 Norman Davis
 Doris Haddock, Sec.
 Bryan Hastings

 John McKenna, Selectmen's Representative
 Member of Conservation Commission

REPORT

Committee for Study of Feasibility of a Town Manager/Administrative Assistant

At the March 1983 Town Meeting, a Motion on Article 31 was carried, directing the Selectmen to "appoint a Committee of five members to investigate and study the feasibility of having a Town Manager and/or an Administrative Assistant to the Selectmen". The Committee was to report its findings and recommendations to the Town at the 1984 Town Meeting.

The Selectmen appointed the members of the Committee at the end of December 1983. The first meeting of the Committee was held on January 4, 1984. At that meeting, the reasons behind the proposal were discussed. It was agreed that in recent years the duties of the Selectmen had broadened and increased to such an extent, both in number and legal complexity, that it was becoming impossible for the Selectmen to handle the affairs of the Town without devoting more hours per week than could reasonably be expected. The Committee noted the growing number of reports in the Press of Selectmen in area towns who were resigning, or declining to run for office again, because the job was taking more time than they could afford from their work or other interests.

The Committee also believed that the citizens of the Town were no longer being adequately served with the Town Offices being open for only a day or two per week. It felt that under the pressure of the increasing amount of daily detail work, which the Selectmen were required to take care of, it was quite possible that even more important, longer range, projects might be neglected which could have an actually harmful financial result to the Town. There was also the question of whether proper supervision of the various departments could suffer, due to the sheer lack of time to accomplish the necessary oversight.

The Committee concluded that the Town should provide better service to residents from the Town Office, and that the Selectmen should have professional help to take care of a large amount of the non-decision making affairs of the Selectmen's office on a continuing, daily basis.

It was decided that since other area towns were reporting the same concern, it would be wise to interview the Selectmen of a number of nearby towns to see what their experience had been with more extended office hours, and with Selectmen's assistants with various combinations of duties.

A questionnaire was made up, so that generally the same questions would be asked of each town contacted, and appointments were made with the Selectmen of Antrim, Francestown, Winchester, Chesterfield, Marlborough, Wilton, Hinsdale, Jaffrey, Peterborough, Rindge and Walpole. Two members of the Committee went to each of these towns, as a team, and interviewed the Selectmen and their office assistants. The population of these towns range from 900 to 5,000. Dublin's population is approximately 1250.

We found that although each town handles its affairs in a different way, and the titles of those in the office differ, there were certain definite areas of agreement. The offices of all of the towns are open five days a week. The office staff, one or more employees, are all full time workers, working at least 35 hours per week, often with extra clerical help at certain busy times. The office staff takes care of bookkeeping, the secretarial and clerical work of the office, and handles most of the daily requests for information, routine correspondence, filling out of forms, and contacts with State departments in Concord. The Selectmen's job is that of setting policy, decision making, administration, supervision, assistance to the citizens, and reporting to the Town as a whole.

All towns stressed that the ability of the person in the office to get along with people was of major importance. One town advised that a successful assistant was a matter of 60% personality, 30% knowledge and ability, and 10% luck! With two exceptions, one town with a Town Manager, and one with an Administrative Assistant, the office person was a long time

employee who had "grown up" in the job, gaining more experience and taking on more duties each year. In all cases, the continuity of experience afforded by such a person, as Selectmen joined the Board and retired from it, was considered one of the greatest benefits to the Town of a respected, professional employee.

As a result of discussion following our interviews, the Committee believes that a bookkeeper-secretary, with the education, experience, and ability to advance to increasingly more complex duties, is the proper solution to the need for more service to the Town from the Selectmen's office, and more support for the Selectmen in their increasingly time-consuming duties.

The Committee believes that a Town Manager, with all the power that that position would hold under the R.S.A.s, is not necessary for Dublin at this time, and would not be compatible with the wishes of Dublin citizens, largely because of the present size of the Town.

The Committee also feels that the title of Administrative Assistant implies a position which Dublin might consider at a future time, but that a start toward a more efficient office operation to serve the Town should be made on a more modest basis first.

Accordingly, we recommend that the Town establish the position of "Clerk to Selectmen", effective June 1984, this position to be considered a full time position, responsible for general accounting, bookkeeping, payroll, clerical and secretarial work.

We recommend that the hours for the position be 9:00 a.m. - 4:00 p.m. (6 hours per day) five days per week, plus three hours per week during Selectmen's weekly meetings, at which the Clerk would take the Minutes of the meeting, plus two additional hours per week for miscellaneous duties, making a total of 35 hours per week.

We recommend that the salary for this position be between \$6.00 and \$7.00 per hour, depending on experience and previous specific training, resulting in a total salary of between \$10,920 and \$12,740 per year.

We recommend that the Town raise and appropriate the sum of \$7,500 to cover the salary of this position for the seven months of the year 1984 from June 4, 1984 to December 30, 1984, and make whatever adjustments are necessary in the Budget to cover the increased cost of Blue Cross/Blue Shield and other benefits for a full time employee, and that the Budget item for "Office Assistant's Salary", as presently listed, be reduced to cover the period January 1, 1984 to July 1, 1984, only, in place of the full year.

Respectfully submitted,

Theresa Hastings

Lucille McDonald

Robert W. Krogman

Ann Walsh

Edward F. Whitney, Chairman

DUBLIN TOWN HALL FUND FINAL REPORT

The \$85,000 Renovation Campaign began officially with the July 4, 1982 100th Anniversary celebration at the Town Hall. Throughout the summer 30 volunteers carried out a thorough door-to-door solicitation, while special gifts were sought by the Steering Committee, as well as gifts from local businesses, foundations, and organizations. T-shirts and old Dublin town maps were sold at Carr's Store and the Dublin General Store, and at this writing T-shirts are still being sold at half price. Two benefit suppers, held in December 1982 and March 1983 in the Dublin Community Church, drew large attendances.

The \$66,216.32 raised through contributions exceeded our most optimistic expectations and is a laudable credit to the citizens of Dublin whose generous response made the "new" Town Hall possible.

The campaign expenses were unusually low for an effort of this type — 3.1% of the total raised, and the expense amount was offset by the money raised through benefits and merchandise sales.

Due to the Town Treasurer's wise investment of gifts received prior to construction costs, approximately \$3,800.00 in interest was realized.

We wish to thank everyone again who worked so hard and gave so much to make a dream come true. There follows a financial breakdown of the campaign:

Number of Gifts	Range	Totals	Grand Total
2	\$10,000/over	\$21,784.57	
15	1,000/5,000	20,400	
15	500/1,000	7,950	
12	250/500	3,350	
66	100/250	8,113.75	
195	under 100	4,618	
305		<u>\$66,216.32</u>	
Benefits/Merchandise Sales		2,225.36	\$68,441.68
Expenses — \$2,131.62 or 3.12% of Grand Total			
Category Breakdown of Gifts			
277 Individuals/Families		\$44,541.32	
13 Businesses		12,435.00	
11 Organizations		3,240.00	
4 Foundations		<u>6,000.00</u>	
305		\$66,216.32	

Respectfully submitted,
Lucy C. Shonk, Chairman
Steering Committee

RECREATION COMMITTEE ANNUAL REPORT

The Recreation Committee once again focused our activities on the youth of Dublin.

As has been the case in the past, Dublin fielded both a Little League and PeeWee baseball team. Both teams have managed to play well and learn much under the coaching of Gary Steinbach. This year Gary was assisted by both Jere Worcester and Mike Weston. At the end of the season the parent-team cookout was held. This is rapidly becoming an annual event, one that is looked forward to not only by the team, but especially by the parents and families. The baseball game after the cookout pitted the adults against the youngsters. It was hard to tell who won or who lost since everyone had such a good time.

Our thanks once again to Dee Fontaine and her superb staff. Without their continued enthusiasm and dedication the Summer Recreation Program could not exist. We also extend our appreciation to the members of the community who generously donated both time and resources for the program.

The Annual Halloween Party was slightly different this year since it was held at two different locations. The party for the younger children, which consisted of a Haunted House and games, costume parade and prizes was held in the Activities Building at Dublin School. The Student Activities Council at the school were responsible for the success of the party. The movie and pizza party for the older children was held at the Dublin Consolidated School. We are already trying to think of a new and different way to celebrate next year and any suggestions are most appreciated.

We are looking forward to the coming year and the possibility of having a Winter Carnival at Dublin School in conjunction with the school and its parents association. We are also going to try once again to show a film for adults sometime during the winter months. We are confident that 1984 will be another successful year.

Respectfully submitted,
Judy Knapp, Chairman
Frona Avery
Willard Oja
Pam Snitko

HIGHWAY DEPARTMENT

The start of the 1983 year was not unusual with plowing and sanding. We graveled and graded all dirt roads and cleaned culverts and ditches.

Culvert pipes were replaced on the Lake Rd., along with a short section of the road being rebuilt in front of the I.D. White residence.

East Harrisville Road bridge was rebuilt, using a large culvert. A special Thank You to Norman Davis for his help on this project.

It is planned to replace the bridge on the Goldmine Road with twin pipes in 1984.

The Mossey Road was completed by putting 400 ft. of underdrain pipe, graveling and oiling it.

All roads were graded and maintained again in the fall, as well as the brush along the sides being mowed back.

Plows were painted, truck bodies sand blasted and painted before the start of another winter.

At this time I would like to mention that the sand to salt formula doesn't work. I feel that a change in the ratio is needed.

I would especially like to thank those who have given their support throughout the year.

Respectfully submitted,
Clarence Babneau
Highway Agent

DUBLIN POLICE DEPARTMENT REPORT

Chief: Robert N. McLean	Tel: 563-8411
Officer: Albion R. Lane	563-8667
Sp. Officer: H.A. Anderson	563-8683
Sp. Officer: Peter S. Thomas	563-8664

Sp. Officer: Douglas S. Whiton	924-7887
School Crossing Guard: Glenna Eaves	563-8645

EMERGENCY NUMBER 352-1100

The year of 1983 brought some interesting and largely beneficial changes to our Police Department. We are comfortably settled in our new quarters, which are a needed improvement over the old. Our thanks to all concerned.

The new "Intoximeter", a computerized and highly accurate form of the well-known "Breathalyzer" was introduced in 1983 which determines the blood alcohol content in a person suspected of driving a motor vehicle while under the influence of liquor. This unit is nearly foolproof, faster, easier to use, and is working well at two locations (Jaffrey Police Department & Troop C Keene, N.H.). Our department has two officers certified in its operation.

Our statistics for 1983 for DWI arrests, prosecuted, and convicted was 16, four of which were subsequent offense; this figure is down from 1982 which was 22. At the time of this report, this department has pending 6 persons arrested in the first 2 weeks of January 1984 for DWI. Hopefully, the first two weeks in January are no indication as to this departments activities for the year ahead!

Again we are seeking your help; if you have been drinking, stay off our roads. Drinking is still the number one cause of death and injury on our highways. With the new and tougher DWI statues that are in effect for 1984 as a result of legislation passed in 1983, our department is well prepared for 1984.

In addition to the Intoximeter Training, your Police Department personnel were provided with instruction in CPR, Civil and Criminal Law, Accident and Criminal Investigation, Weapons Training and the Use of Force. These requirements are all due to liability problems which might arise. Our officers have been certified under the latest requirements; a two day Radar Training Course held by the N.H. Police Training and Standards to ensure that summonses issued for just speeding are deserved and not due to operator or equipment error.

Our 1984 budget request includes a pay increase for our Special Officers, all of whom have contributed time and effort beyond that for which they have been paid. New Hampshire Police Training and Standards has mandated that all new Special Officers receive their Certification Training at the new facility in Concord, N.H. (Formally given at several areas including Keene State College). This in the future will place a new expense on all communities since the Certification process requires several weeks of time and travel to Concord, which must be compensated for by the individual department. We are fortunate to have a competent stall of Certified Special Officers.

New equipment requests include a Traffic Radar (the present unit is 13 years old, and becoming difficult to repair), which we will receive 50% funding by the N.H. Highway Safety Agency. Also, we have requested a new base radio to replace the 39 year old unit which recently failed and is no longer repairable.

This department investigated 50 auto accidents and of these 35 persons received minor or serious injury requiring medical treatment. We are pleased that no fatals occurred in 1983. With the hundreds of motor vehicle summons issued and the patrolling and high visibility of our Cruiser, I am convinced that our problems (Criminal and Motor Vehicle related) were reduced as it should be. (It is better to prevent than to try to solve after it occurs).

Finally, the good news — the 1980 Cruiser was sold to a high bid for \$789.99 with 121,185

miles on the odometer; considering the effects of idle time at accidents, etc. the true mileage might far exceed 200,000 miles.

And, as always, we express our appreciation to all who have helped make this job easier and more effective — Dublin Fire, Dublin Rescue, Cheshire County Sheriffs Department, Cheshire County Attorneys Office, our neighboring Police Departments, and of course our Selectmen and Town Officers, as well as our Highway Safety Committee.

Respectfully submitted,
Robert N. McLean, Chief

CONVAL SCHOOL DISTRICT ANNUAL REPORT

The 1983-84 school year has been a year during which the Conval School Board directed its focus on implementing and observing the many changes which had been made over the previous several years. Discipline was improved, midyear and final exams were instituted, and a college preparatory program was started at Conval High School. We feel that all of these changes will have a definite and positive effect on student learning. District wide curricula have been completed and implemented in most areas on the elementary level. The School Board has authorized the hiring of a Co-ordinator of Instruction in the spring of 1984. This person will oversee our present programs, initiate new programs, establish and maintain continuity throughout the District, and facilitate communication between all of our schools.

At the SAU level, we lost two administrators this year. Ray Gauthier, who was our Business Administrator, left in July, and John Carr, our Assistant Superintendent left in January. The Business Administrator's position has been filled by Millard Smith. We are presently interviewing candidates for the Assistant Superintendency. It is a great credit to Bob Reidy, John Carr, and the entire SAU staff that the administration office ran so smoothly during the time that the Business Administrator's position was vacant.

There were many significant improvements made at the Dublin Consolidated School over the past year. The front steps were repaired and restored to their original condition. The front hall, Mrs. Firda's room, and Mrs. George's room were carpeted. The gym floor was sanded and refinished, and protective padding was installed on the gym walls. Two large spruce trees were removed from the front of the building because they were causing damage to the roof and the areas on either side of the steps where they stood will be landscaped with more suitable shrubs next spring. A heater was installed in the Science room and a heat control was replaced. We also got new curtains for the stage in the gym thanks to Mr. Dunning's perseverance.

I look forward to serving another year as the Dublin representative to the Conval School Board. Please feel free to call me if you have questions, comments, or problems concerning the school district.

Story Wright

REPORT OF THE SOLID WASTE COMMITTEE

The Solid Waste Committee's efforts during 1983 were channeled into three distinct areas (a) the establishment of a defined schedule and commitment for closing the existing landfill and the preparation and submittal of a closure plan to the State, (b) finding a cost effective short term solution for the processing of Dublin's solid waste until a permanent long term regional solution is defined and implemented, and (c) working closely with regional representatives of the Southwest Solid Waste Management District as they seek a long term solution for solid waste disposal for this region.

The existing Dublin landfill is essentially at capacity and water test results have revealed that leachate from the buried material is impacting the ground water surrounding the area and including Brush Brook. Since continuation or extension of landfill practices was ecologically unsound and had no chance of receiving State approval, the Committee deemed it in Dublin's interest to initiate a schedule and commitment to the State to close the landfill so that a defined time frame was established and the necessary preparatory plans for closure could be developed on an orderly basis. This was done and the State approved schedule requires that Dublin cease its landfill operations by October 1, 1984 and that the final work involved in capping the landfill be completed by Spring of 1985. The Committee feels that the October 1st date is compatible with the landfill's remaining limited capacity and that the schedule as a whole is reasonable and achievable. The capping of the landfill is a technically detailed effort which essentially involves preparation for proper drainage of surface water away from the landfill to prevent a percolation effect which contributes towards a leachate pollution and the periodic testing and monitoring of ground water from strategically placed test wells. The Committee developed a closure plan designed to accomplish these objectives and formerly submitted the plan to the State in October for approval. Prior to submission the plan was reviewed and concurred to by the Dublin Conservation Commission and was also reviewed for adequacy by the Federal Soil Conservation Bureau at no charge to the Town. Numerous meetings were held in conjunction with this effort. Other activities involved or associated with the closing of the landfill included the preparation of a detailed cost estimate for the various work elements needed and the actual installation of ground water monitoring wells around the periphery of the landfill, at which testing will commence in the Spring of 1984.

With the requirement to cease landfill operations by October 1, 1984, the Committee was heavily involved in investigating the best means for Dublin's solid waste processing over a short term (3-6 years) basis. Several communities who currently transfer their solid waste were visited and the equipment variations used were evaluated. In addition, Dublin was enrolled as a voting member of the N.H. Resource Recovery Association and a committee representative attended a recycling seminar to assess the benefit to Dublin if the Town elects to participate in some form of recycling. Since transportation costs represent a significant portion of total expenses involved in solid waste transfer, the Committee attempted to locate a receiving landfill close to Dublin. An agreement was reached with Jaffrey, subject to Dublin voter approval at Town Meeting, which allows Dublin to use their landfill on an equitable cost sharing arrangement starting October 1, 1984 and which offers protection until 1990 through a yearly renewal provision at Dublin's option.

Dublin is a member of the Southwest Solid Waste Management District, and one Committee member, Ann Walsh, is an officer of that agency. It is through this agency that a long term solid waste solution will be coordinated, as no single town within the region, with the possible exception of Keene, has the waste volume needed to justify the capital expenditures for waste processing. A number of commercial enterprises have expressed interest in building a "waste to energy" incineration facility in the region, but no single proposal reviewed to date has been considered totally viable for either technical or financial standpoints. Two Solid Waste Committee members were part of a seven member task force formed from the Management District at Keene's request to evaluate the potential for a waste to energy facility being built regionally

in the near future. The task force's recommendations were probably key in Keene's later decision to not participate in an out-of-region facility in Claremont and, therefore, remain affiliated with the Southwest region and enhance the likelihood of a facility being constructed within the area.

The Solid Waste Committee feels that it has made considerable progress in its efforts to develop a responsible and cost effective solution to Dublin's solid waste problem, and that our objectives for the year were met. The warrant articles proposed for the March 1984 Town Meeting represent what we feel is in Dublin's best interest and we consider their acceptance essential. We would like to express our thanks to the Conservation Commission and Selectmen for their support and assistance during the year.

Respectfully submitted,
J. Sovik, Chairman
J. Elder
D. VanWyk
A. Walsh

REPORT OF SITE INSPECTOR

There has been increased in new homes built in 1983. There have been 2½ times more permits for new homes in 1983 than in 1982.

I would like to remind everyone that a building permit is required for construction over \$1,000.00 in value. All new homes are required, by state law, to have smoke detectors installed.

The permits issued in 1983 are as follows:

13 news homes	\$745,000.00
1 new barn	2,500.00
2 garages	10,000.00
8 additions and alterations	159,000.00
(ranging from remodeling homes to a greenhouse)	
1 tennis court	30,000.00

Respectfully submitted,
Brian Barden

REPORT OF THE HEALTH OFFICER

The coordination of State approved septic systems for compliance with Town standards continued to be the major part of the Health Officer's work in 1983. Ground water pollution is the primary concern in both septic systems and operation of the sanitary landfill.

As a member of the Dublin Solid Waste Management Committee, preparations for closing the landfill and conducting tests of the ground water continue. Additional test wells have been dug to monitor the quality of the present landfill leachate.

Inspections of day care facilities were conducted as required.

I want to thank all those who worked closely with me as Health Officer for the past four and one half years and the wholehearted support of all residents of the Town in every health matter. Mr. Pierce Hollingsworth has been nominated as your Health Officer for 1984.

Respectfully submitted,
Daniel J. Walsh
Health Officer (resigned Nov. 30, '83)

REPORT OF THE DUBLIN ROUTE 101 BYPASS SUBCOMMITTEE OF THE PLANNING BOARD

1982 ended with the Subcommittee working on its comments on the State Highway Department's draft Environmental Impact Statement, which had been issued in October, and which had been followed by the two-day Corridor Hearing of November 18 and 19. Comments were due January 17, 1983. The Subcommittee's comments were mailed January 10, 1983.

In general, the Subcommittee found the 652 page EIS "detailed, thorough, well-organized, and impressive." It made a few suggestions which included the following:

- a. Frothingham Road should be added to the list of local roads intersecting with Route 101 which have "insufficient sight distance." This is a dangerous intersection at best. The "No Build" option would ignore the problem.
- b. High Standard Inc. should be added to the list of local businesses, located close to Route 101, which cause traffic problems as vehicles enter and exit. This is particularly true of High Standard because delivery of steel coil and manufacturing supplies often requires long delivery trucks to back in, swinging across Route 101, completely blocking the road. Neither "Reconstruction" nor "No Build" would address this problem.
- c. The widening of Dublin Hill road by eight feet, in 1964, should be added to the list of steps already taken by the State to improve the traffic flow through the village. This widening, as well as others listed, the blinkers at the Oval and west of the Fire Station, and the 109 safety-related signs at the Cove, contradict the bypass opponents' claim that the State has not paid enough attention to the problem and needs only to add a few more signs.
- d. It was also pointed out that the industries in Harrisville generate a large amount of truck and car traffic, a great proportion of which goes through Dublin via Route 101, around Cemetery Cove, or up Dublin Hill, then onto New Harrisville Road. In one five-day period, October 20-24, 1980, a count of traffic to and from Harrisville on New Harrisville Road, from 8:00 a.m. to 5:00 p.m., totaled 33 large trailer trucks, 93 straight trucks, 54 vans, and 937 passenger cars and pickups. "Reconstruction" or "No Build" would not help this situation, nor would a bypass with no entrance and exit near Harrisville.

In late February, the Subcommittee was advised by the State that it had decided to "resurvey" Route 101 through the middle of Dublin village, as a result of comments received on the EIS. Mr. Whitney and Mr. D. Walsh, Chairman of the Dublin Planning Board, met with Mr. Fred Murphy of the Department of Public Works and Highways on March 7, 1983, to get an explanation for the reasons behind this "resurvey." Mr. Murphy stated that the Department had received enough comments on the EIS in favor of "No Build" but with "safety improvements" that it felt it necessary to restudy "Reconstruction" possibilities through the village center at a finer scale than done previously.

The Subcommittee gave a Report of the meeting with Mr. Murphy to the Planning Board, detailing the Scope of the "resurvey" (Gerry Rd. to Chesham Rd., 100 feet on each side of the present road); Aim of the "resurvey" (To add a truck passing lane up Dublin Hill, straighten curves at High Standard, Cemetery Cove, Friendly Farm, Renaissance House etc., average out grade from Frothingham Road to High Standard); and it listed the changes considered most likely in order to achieve the State's goals. The Planning Board sent out copies of the Report to all Dublin residents on March 15, 1983.

This Report, as well as the fact that State Highway surveying teams had arrived on the scene and were starting to measure from the center of the road to every bush, tree, porch and house along the route, resulted in so many questions that the Selectmen arranged a meeting with Commissioner Clements, Mr. Marshall and Mr. Murphy of the Dept. of Public Works and Highways on April 11, 1983. Mr. Whitney was also present. The purpose of the meeting was to get an authoritative statement on whether a "modified" Reconstruction was a serious alternative for the solution of traffic and safety problems on Route 101 through Dublin Village.

To report their findings, the Selectmen called a duly advertised Informational Meeting for Dublin residents in the Dublin Community Church vestry at 7:30 p.m. on April 15th. A report of this meeting was mailed to all residents on April 25, 1983. Its main points were:

1. The "resurvey" will determine whether or not a "modified" Reconstruction could meet the Department's traffic volume and safety goals, and still satisfy Federal requirements for this class of road.
2. The Department believes that no matter what decision it reaches, it will be taken to court by one party or another, and it does not want to be accused of failing to consider all possibilities suggested to it.
3. The Department will not "pack up its maps and go home." "No Build" means to them "No Bypass," but it does not mean "Do Nothing." It was pointed out that the Department had already eliminated possible bypass corridors A, B, B1, B2, D, and E, and that given the support received for "safety improvements," it no longer considered "Do Nothing" a proper response to the citizens' concerns. Minor, cosmetic changes were not being considered. "Improvements" might be quite extensive.
4. Alternatives still being considered were Corridors B3, FIN, C, or a modified C using part of B3, "Reconstruction" or a "modified" Reconstruction, "No Build" defined as not meaning "do nothing," and a slight possibility that Corridor G Modified was not quite dead. Later in the year G Modified was eliminated.
5. A "resurvey" of Corridor B3 will also be done, particularly with respect to the archaeological value of the Harrisville cellar holes, and a hydrology study of the Cobb Meadow wetland.
6. The Department, at that time, estimated that both "resurveys" would be completed by September 1983.

Subsequent to the Informational Meeting, at the request of the Governor, the Dublin Selectmen, and Mr. Whitney, met with Governor Sununu in Concord on April 18. The Governor noted that he had talked at length with Mr. Hansel of Harrisville, and he wanted to hear Dublin's side of the controversy. The history of the bypass proposal was reviewed, Dublin's need for a bypass was explained, and the various alternatives were discussed. Governor Sununu stated that he wanted a decision made by the Department of Public Works and Highways before the end of his term of office in 1984, and that he was interested in the C corridor compromise solution, hoping that mediation might bring the two towns together.

At the Information Meeting of April 15th, Mr. Whitney had reported that The New England Environmental Mediation Center, with which the Subcommittee had conferred from June 1981 to February 1983, meeting with the Center and the Harrisville bypass committee in December 1981, with no agreements reached, had again asked to be given the chance of trying to mediate the controversy. This time, they had approached the Department of Public Works and Highways. The Department was quite willing to have them try again, on the basis that a compromise, in the C Corridor for example, might save enough in future litigation fees to offset the high construction costs of the C Corridor.

The Dublin Selectmen agreed that Dublin would be willing to discuss possible procedures for such a mediation effort, but Harrisville had reservations and wanted more information from the State before they would consider mediation. The State, therefore, decided that before giving the Center a contract to proceed, the Center must give it an assessment of the possible chances of success. Accordingly, the Subcommittee met with the Center on June 7th to explain again our feelings on the subject, and what the facts were from our point of view. The Center held a similar meeting with Harrisville. On June 20, 1983 the Center advised Commissioner Clements that "After reviewing the circumstances in some detail, it is our view that the conditions do not exist at the present time for a productive mediation." That ended the mediation effort for 1983.

September came and went with the State's "resurveys" still not completed. By the end of

October, it was decided that another meeting with the Department was necessary since the completion dates of the various investigations seemed to be further and further away. Mr. Whitney, Mr. Walsh and others met in Concord with Mr. Murphy on November 15th. We found that not only was the State resurveying Reconstruction and Corridors C and B3, but also a variation of Corridor FIN was being laid out.

This FIN variation had been submitted to the Department by an engineering firm employed for the purpose by Mr. Hansel of Harrisville. The tentative alignment, prepared by the State, of this route is to start on the east in the vicinity of Gerry Road's entrance on present Route 101. It swings south of Route 101 over land owned by Summers, Spencer, Cormack and Richards, running roughly parallel with Route 101 to Upper Jaffrey Road.

It crosses Upper Jaffrey Road, on a bridge, on land owned by Hyman, McKenna and Fairfield, then runs roughly parallel with Upper Jaffrey Road on land owned by Bastedo, Pool and Kelly, joining present Route 101 approximately half way between Lake Road and Upper Jaffrey Road. Present Route 101, west of the village center, would join the new route at this point.

The new route would continue south of the Cemetery, partially on land owned by the Dublin Lake Club and the Dublin Women's Club. At the Cove, the road would be on a twelve foot high embankment at water's edge. In an attempt to straighten out the curve, west of the cemetery, the road would climb the base of Elephant Rock on land owned by Van Campen, and then circle down to the present intersection of Meryman Road and Route 101 on land owned by Burrage, Buck, Amory and Latchis. From that point on to Chesham Road, the present Route 101 would be "improved" by widening, and by eliminating curves at the I.D. White house, Friendly Farm, and Renaissance House.

Present entrances to Old Pound Road, Snow Hill Road, the Cemetery, and the Women's Club Beach would be closed off. Snow Hill Road and Lake Road entrances would be combined into one, at a slightly different location. Closing the present entrances from Upper Jaffrey Road and Frothingham Road to Route 101 is being considered.

The State's tentative alignment calls for a road designed for 55 m.p.h. from Bonds Corner to the Upper Jaffrey Road, and from Meryman Road to Chesham Road. For the portion in between, the road would be designed for 35 m.p.h.

Mr. Murphy stated that while not an "ideal" corridor, it was possible from an engineering point of view, and that it was being given serious consideration. Preliminary estimates of cost compared with those of Corridor B3.

Dublin's representatives strongly condemned the route as being unrealistic; 1st because it would bracket the houses and property on Dublin Hill with another busy road right behind them; 2nd because the narrow center section would be just as much of a bottleneck, as traffic increases, as Dublin village center is at present; 3rd because it would destroy the Women's Club Beach; 4th because skirting the water's edge, pollution of Dublin Lake would be just as bad, if not worse, than it is now; 5th because it does nothing to address the problem of heavy truck and car traffic through Dublin to Harrisville over New Harrisville Road; and 6th because throughout its length it would destroy both valuable property and houses being lived in at the present time.

The Department heard our criticism, said that since the route had been officially suggested in comments on the EIS it must receive consideration. The completion date for all of the Department's studies is now estimated for late April 1984. After that, a Supplementary Draft Environmental Impact Statement will be issued, including the latest results from the various "resurveys" and studies. A second Corridor Hearing will probably then be held. No final date has been set, so it appears likely that the bypass decision is still some months away.

Let us hope that 1984 will see this controversy brought to a conclusion which will "do the least harm to the fewest number" — our original objective in five years of struggle.

Respectfully submitted,
Paul F. Biklen

Edward F. Whitney, Chairman

DUBLIN PUBLIC LIBRARY

Circulation: Fiction 2,577, Non fiction 2,880, Juvenile 1,844, a total of 7,301 books, magazines, records. We have no way of knowing how many people read a book or magazine while it is in circulation. We are advised by our State consultants to use for statistics the one signature on the book card. We know many books are read by others in the family and sometimes are circulated to friends before the book is returned. It is also too difficult to keep count of people who use our materials while in the library without checking anything out. People come in to browse, look at maps, bound town reports, local histories, exhibits, encyclopedias, sometimes just to look at *Books in Print*. We have requests for information by telephone and letters. We are continually asked if we have a copier and there is a real need for one. Registration: Adults 278, Juvenile 144.

Books Purchased: Fiction 59, Non fiction 105, Juvenile 89, a total of 253 books, plus a new *Collier's Encyclopedia*, 1983 edition, a 24 volume set. We acquired more negatives and prints from Elliot Allison. Two important documents were given to the library, 2 copies of *Dublin, N.H.: Historic Resources Inventory, Cheshire County*, the gift of the Dublin Conservation Commission. Four copies of the New Hampshire State Highway Department, a 700 page transcript of testimony on the corridor hearings concerning Route 101.

The State Library Bookmobile Services have now ended due to budgetary cuts. We now have 200 titles from this collection.

Movies: At least 12 films were shown during the summer program. "Dee" Fontaine, director of the Playground adds so much to the program and to our library party. A film program was started for the Preschoolers in the fall.

Trustees meetings: 7. Jill Lawlor serves as chairman and I serve as secretary and minutes are kept on all meetings and have been for many, many years.

Librarian attended 10 meetings, workshops, annual N.H. Library Association meeting.

Assistant Librarian completed two courses in Public Library Techniques.

We added new gifts by a generous public to our collection, "weeded" our shelves to make more room, and had a most successful book sale. We made over \$600.00 so that we could buy new books, and many happy people went home with books they purchased inexpensively.

Our accomplishments were many and I can remember no time since the renovations to the basement in 1968 (Gowing Room), with more temporary upheaval, but all worth the trouble with the good results. Volunteers and trustees "pitched in" to help. It was discovered that the floor beams and flooring in the entrance room were rotting. Necessity required immediate replacement. All floors were sanded and refinished. The interior was thoroughly cleaned including outside and inside windows. The charging desk room and back hall and stair way to lower level were repainted. We hope you like our choice of new draperies, also recovered cushions for the window seat. We are ready to celebrate our hundredth birthday!

It has been of concern to the trustees for some time that the exit window in the Gowing room is inadequate in an emergency. Mr. A.W. Britton, Inspector for the State of N.H. office of the Fire Marshal in the Safety Services, visited our library and has made these recommendations in a written report: A walk out exit door in the Gowing room, steps leading to the present exit window instead of the ladder (this has already been done), emergency lights in the basement and on the street floor level, as well as a smoke and heat detector system throughout the building.

The birch tree by the entrance door must be cut down, it is split up the center. We plan to have lighting installed outside the building at both levels.

We thank the following people for gifts of money, labor, books and magazines: Elliot Allison, Mrs. J. Bensinger, Mrs. C. Bergeron, Mrs. H. Campbell, Lisa Clark, Mary Elder, Mrs. Else, Mark Davis, Francis McKenna, Mrs. J. McKee, Mrs. M. Peterson, Mr. and Mrs. B. Pool, Mr. and Mrs. D. Prince, Abby and John Raleigh, Joe Sangermano, Mark Brening, Jane

Thorne, Mr. and Mrs. R. Trowbridge, David Whitney, Michael Weston, Mr. and Mrs. F. Von Stade, Frederick Woodward, Michael Walsh, Jere Worcester, Albert Wolfe, Clinton Yeomans, the *Mountain Messenger* and *Yankee*.

Our library is a treasure, it is housed with treasures and it is yours. Please plan to join us in making the centennial year a treasure in your memories as we start our second century. We will keep you posted on plans to celebrate and welcome your suggestions as well.

My deepest appreciation to my library staff and dedicated trustees.

Dorothy Worcester, Librarian

TOWN OF DUBLIN PLAYGROUND

The Dublin Playground program was honored last May when it received honorable mention for the Clarence Shell Nutt Award for Program Excellence. The other winners were all year round recreation programs. The award was given by the New Hampshire Recreation and Park Society.

This was the eighth year of Dublin Playground. It was opened to all children living in Dublin during the summer. Children under five were welcome to the Dublin Town Library movies and all of the Playground's special events when accompanied by an adult. Children must be five to attend the regular program. Over a span of seven weeks the weekly average was fifty children from the ages of 5 to 16.

Because the summer movies were such a success, Playground ran three Friday night features in late September and early October. Attendance was extremely poor, and the program was dropped. Our thanks to Matt Worcester for setting up for each movie.

The dedication of the Playground Staff contributed a great deal to the summer's success. Ted MacVeagh rejoined us mid-season and took over as assistant to the Director once again. Warren Geier, a teacher at Peterborough Middle School, was head of athletics. Laura Murray assisted in athletics and ran special events. Deborah White worked with the younger children and helped in crafts. Jennifer Siegal was crafts coordinator. All three girls entered college as Freshmen last fall and Ted returned as a Junior.

The Playground wishes to thank: Brian Barden, Dublin Community Foundation, Dublin Emmanuel Church, Dublin Oil Company, Dublin Town Library, Fontaine Ford Sales, Stephen Fontaine, FBNP, Warren Geier, Chris Hogan, Judith Knapp, Jill Lawler, Mr. and Mrs. Henry Lee III, Theodore MacVeagh, Alice McKenna, Topher Moore, Mountain Messenger, Laura Murray, Alfred Pellerin, Peterborough Town Library, Peterborough Transcript, Mr. and Mrs. Glen Scribner, Jennifer Siegal, Pam Snitko, Laurie Walsh, Martha Walsh, Rosamond Whitcomb, Deborah White, Phylis Williams, Matt Worcester, Worcester's Garage, Jere Worcester, Mrs. Millard Worcester, and Yankee for all their support and assistance.

Respectfully submitted by
Dee Fontaine
Director of Dublin Playground

REPORT OF THE BOARD OF ADJUSTMENT

According to State Law, the Board of Adjustment "may in appropriate cases and subject to appropriate conditions and safeguards, make special exceptions to the terms of the ordinance in harmony with its general purpose and intent and in accordance with general or specific rules therein contained." (RSA 31:66) "Ordinance" in preceding sentence refers to the Zoning Ordinance adopted by the Town.

In 1983, the Board of Adjustment acted on the following:

The petition for Corinne R. Moran for a special exception to provide lodging at The Renaissance House was not heard as it was determined that it pre-dated the Zoning Ordinance and was a continuing use (formerly Brookside Inn and The Berghof (Gebauer's)).

Approved a rehearing petition for Bryan and Theresa Hastings for a special exception to provide bed and breakfast at their property on Howe Reservoir limited to 3 bedrooms and that septic system complies with State and Town regulations.

Approved a petition for Glen H. and Susan J. Hipple on behalf of Stephen G. Hartwell for a special exception to establish a small window repair shop at Bond's Corner.

Approved a petition for The Kingdom for a special exception for a Sheltered Care Facility on Old Marlborough Road for retired workers and/or Church members of their organization.

Approved a petition for Susan Reiners for a special exception to provide a bed and breakfast inn on Route 101 (formerly the V-Lawn Inn) limited to the use of 4 bedrooms and that the septic system complies with State and Town regulations.

Approved a petition for Nancy Walker Kenney and Eileene A. Kukish for a variance from the 250 foot frontage requirement on Gold Mine Road provided that a subdivision creating Tract I and Tract II be approved by the Planning Board and that Tract II be purchased by an abutter and merged into his existing lot and that these restrictions be included in the deed.

Approved a petition for Frank and Angelina Woodward for a special exception to sub-divide their land on the North Side of Route 101 into two lots. Lot #2 to be used as a post office site subject to sub-division approval by the Dublin Planning Board.

Approved a petition for James and Beverly Richards on behalf of Peter and Nang Hipson thru their Attorney, L. Phillips Runyon, III for a special exception to operate a laboratory for research and development of systems to protect microcomputer software on the Old Peterborough Road with not more than ten employees, provided the Planning Board approve parking plan and the septic system be approved for this use by Town Health Officer. Frontage requirements were waived from 500 to 367 feet.

Respectfully submitted,
Thomas P. Wright, Chairman
Members of the Board
Elsie N. Burnham, Secretary
William A. Barker
Paul F. Biklen
Robert O. Blanchette

REPORT OF DIRECTOR OF CIVIL DEFENSE

This has been another quiet year for the Civil Defense department. This year we have checked and updated all of our radiological instruments.

The State Civil Defense Agency has approved our yearly procedure paper which is on file at the Town Office.

Respectfully submitted,
Brian Barden

REPORT OF THE CONSERVATION COMMISSION

During 1983 the commission suffered a great loss in the death of our chairman, Isabel Pratt. Her dedication and hard work and loving spirit continue to serve as an inspiration to each of us.

We extend our thanks to Mary McKee for her many contributions to the commission during her term of office. We welcome Julie Kisluk and Pierce Hollingsworth as new members.

The commission met regularly throughout the year — twenty-two times in all.

Arbor Day was celebrated on April 30. The Girl Scouts, under our sponsorship, planted a small garden on the grounds of the Dublin Elementary School.

The annual roadside clean-up was carried out on May 7. Prizes were awarded to winners of the poster contest at the Dublin Elementary School, and a picnic lunch for the many volunteers were provided free of charge by the Beech Hill Farm Hospital.

Eric and Scott Miller attended the Youth Conservation Camp on Black Pond in Windsor, N.H. This camp conducted by the Society for the Preservation of New Hampshire Forests, does an excellent job in exposing attendees (many of whom are sponsored by organizations such as ours) to principles of conservation and natural resource management.

The commission was represented at the annual meeting of the New Hampshire Association of Conservation Commissions, and worked closely with that organization throughout the year. The municipal law lectures held in Marlborough were attended by four members of the commission.

During the year two public meetings were sponsored by the Conservation Commission. The first of these was a general information session on the Historic Register project, the second an Audubon Society film and presentation on efforts being made in New Hampshire to save the loon from extinction. Attendance was good at both sessions, approximately 75 for the first meeting and 45 for the second.

National recognition of Dublin's outstanding historic and architectural heritage came in December when a substantial group of houses was placed on the national Register of Historic Places. The acceptance of our multiple resources nomination concluded a task that took several years of painstaking research, writing, photographing, mapping and architectural evaluation. It is New Hampshire's largest and most complex nomination to date. Approximately 174 houses and buildings were qualified on the basis of their architectural merit or important historic associations (dating from c.1770 to the James Studio of 1945). Included were 66 individual properties and two districts, the Dublin Village Historic District with 58 historic properties and the Dublin Lake Historic District with 50. One purpose for identifying these houses was to recognize the quality of Dublin's "built environment" and to provide an important tool for future planning.

The Conservation Commission extends its thanks to William Bauhan, who managed the project from its inception, and to the many citizens — too many to name — who worked on the project and helped support it financially by their contributions.

A conservation easement covering a portion of the lake shore was granted by Louisa Spencer with the Dublin Conservation Commission being designated as Grantee. We note this to express the town's appreciation and to endorse the use of such easements for conservation purposes.

Suggestions made by a resident of the area concerning the significant drainage and erosion problems along the section of the Old Harrisville Road overlooking the lake was studied in detail by commission members Hollingsworth and Walker. The commission's study and the analysis and recommendations made at our request by Thomas Crisenton of the Soil Conservation Service were turned over to the selectmen for their consideration.

During the year a number of individuals in the town have raised important questions relating

to the work of the commission and have offered helpful suggestions. We hope you will continue to offer suggestions and to make us aware of your concerns.

Respectfully submitted,
William Boozer, Chairman
William Bauhan
Marnie Bean

Julie Kisluk
Pierce Hollingsworth
Michael Walker

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

Once again, our cooperative town and state forest fire prevention and control program leads the nation in least acres burned per forest fires. Less than one-half acre per fire statewide average.

At the town level, your Forest Fire Warden is responsible for the prevention and control of all grass and woods fires when the ground is not snow covered.

Forest fire prevention is achieved at the town level by issuing a written permit for every fire that is to be kindled on the ground out of doors when the ground is not covered with snow. Each person wishing to have an outside fire must obtain this written permit from the town Fire Warden before kindling the fire. Any person that does not obtain a fire permit, when one is required, is violating our forest fire permit law and is subject to a court appearance and could be fined up to \$1,000 and receive a jail sentence of up to one year.

No fire permit will be issued between 9:00 a.m. and 5:00 p.m. unless it is raining. The reason for this is twofold: the fire danger increases steadily between 9:00 a.m. and 2:00 p.m., then subsides to a safe level between 2:00 p.m. and 5:00 p.m. This happens because the sun dries out the fine fuels that are easily ignited and dries the air which permits rapid fire spread. Also during this part of the day fire fighters are not readily available in most communities so an escaped fire could burn longer and cause greater damage before being suppressed.

Your cooperation in burning only when conditions are safe is greatly appreciated.

As Smokey says, "Remember, Only You Can Prevent Forest Fires!"

1983 STATISTICS

	STATE	DISTRICT	CITY/TOWN
No. of Fires	779	39	2 spot fires
No. of Acres	348	22	1/2 acre

33 spot fires
Respectfully submitted,
Brian M. Barden,
Forest Fire Warden
Robert Burns,
Forest Ranger

REPORT DUBLIN FIRE DEPT. 1983

1983 was an extremely busy year for this department with 108 emergency calls during the year. There were 66 calls for fire and 42 medical emergency calls. Fortunately, we didn't have any extremely large fires this year nor did we have any major rescue calls.

Regular maintenance was done on all equipment, new tires purchased for 1971 reel truck and new radio installed in rescue truck. The remainder of the repairs authorized at the 1983 town meeting on the 1964 International will be completed by early spring. The replacement front fenders have not been located yet as parts for 20 year old vehicles are not always easy to come by!

The Dublin Fire Company has purchased from its funds additional pocket monitors, protective clothing for the new men and some of the best emergency lighting for the 1978 International and rescue truck to be used at fire and accident scenes during night hours. This lighting has been seriously needed for many years. A number of pieces of rescue equipment have been purchased for the rescue unit by the Fire Company, Ladies' Auxiliary, and from donations received in memory of departed family or friends, or donations just to say thanks for services rendered. These funds are greatly appreciated.

Regular drills and meetings have been held throughout the year with heavy training done during the winter months. Two thousand hours were spent during 1983 on fire training and 450 hours on medical work. We have 3 additional EMT'S on our rescue squad. We now have excellent trained personnel available at all times. The rescue squad is divided into 4 rotating crews. Each week from 10:00 p.m. to 6:00 a.m. a different crew is on call. This gives each member a chance at some rescue work and saves having extra help when it's not needed. During daylight hours, all available personnel respond to rescue calls.

Chimney fires have become a serious problem as a number of the chimneys are not in good condition or have been poorly constructed. It is not only cracks in liners and walls of chimneys that create problems, but the lack of clearance that many chimneys have between chimney and combustible materials. An inside chimney should have a minimum of 2" clearance from any combustibles and no less than three times the diameter of pipe or pipes connecting stoves and furnaces to chimneys. Also, a 1" space should exist between the chimney and wall on outside chimneys. We realize that not all chimneys comply — when in doubt please contact your fire chief for an inspection. This way saves all of us some problems. National fire codes relating to chimney construction are available and perhaps the town should adopt these at some future town meeting to insure safe installation of chimneys in the future.

The rescue truck has worked out very well. The new radio installed this year gives us direct communication with the local hospital in case of serious problems. It also brings all of our rescue gear and medical supplies with it to accident or emergency scenes. We have also found the space in the heated rear body compartment handy during bad weather or at night for treating patients.

This next year, the reel truck and chief's radio should be replaced. They are both worn out and obsolete. A special warrant article will be presented at the 1984 Town Meeting on these items.

An open house is being planned during the spring or early summer to encourage residents and property owners to stop by the station and see what they have in this department.

The fire station is showing serious signs of over-crowding with 6 trucks, related equipment, meeting area, room for maintenance and training. Sometime in the next few years this problem will have to be considered for improvement. The following is kept in the station for trucks:

K8M1 — 1978 International 4x4 1,000 GPM pump 500 gal. water capacity.

K8M2 — 1952 Dodge 4x4 military power wagon 100 gal. water & brush equipment.

K8M3 — 1964 International 4x4 750 GPM pump 1,000 gal. water capacity.

K8M4 — 1953 International 600 GPM pump, 1,300 gal. water capacity.

(This is a State owned — Loan to Dublin truck).

K8M5 — 1971 International 4x4 reel truck 750 GPM pump 4,000 feet 4" hose.

K8R1 — 1969 Ford rescue truck, carries all rescue and medical equipment.

As you can see, several of these vehicles have some age on them. It appears that a new truck will be necessary about 1988 to replace the 1964 International as a front line piece. The 1964 would make an excellent tanker with some modification to replace the 1953 State truck. The current rate of capital reserve will help when this move becomes necessary. There are other ways around the truck problems but at the present time, this seems to be the best and perhaps the least expensive. We cannot remain efficient using too much 30 year old equipment!

The fire hydrants have all been tested several times during the year. The hydrant on High Ridge Road (Kelly Pond) is in need of repair (1984 budget). Eventually, several new hydrants should be installed at or near the following: Chesham Rd., (Suffolk House), Upper Jaffrey Rd., (Hale Pond) and Valley Rd., (Pickford — Mossey). These "dry" hydrants are invaluable to us during the winter months when the snow is deep and the ice thick.

I would like to thank the members of the Dublin Fire Dept. for their continued support and interest. Also, the help of the Fire Company, Ladies' Auxiliary, Board of Selectmen and other town agencies for their help. To those who spent extra time to provide us with an excellent rescue squad — a special thanks.

Respectfully submitted,
Michael Worcester, Chief

REPORT OF THE TOWN CLERK YEAR ENDING DECEMBER 31, 1983

RECEIPTS:

Auto Permits	\$60,942.00
Dog Licenses	945.50
Marriage License Fees	169.00
Bad Check Fees	10.00
	\$62,066.50

CREDITS:

Paid to Treasurer	\$62,066.50

CEMETERY ANNUAL REPORT 1983

Some years the Dublin Cemetery is very quiet. Unfortunately, 1983 was a year when burials were being conducted into December.

Close friends of Dublin passed away. Let's hope 1984 is not a repeat.

Expansion plans will take place this year. Delays due to the 101 By-Pass problems consuming Cemetery Cove will not stop us again.

See you on Memorial Day.

Respectfully submitted,
Charles S.B. Pillsbury
Superintendent of the Dublin Cemetery

REPORT OF THE SIDEWALK COMMITTEE

At the March 12, 1983 recessed Town Meeting, there was considerable discussion on Article 9, which covered the construction of a sidewalk from the end of the present sidewalk, just west of the Library, to the Women's Club Beach. The Motion was to withdraw \$7,424 from Capital Reserve, and to raise \$15,576 by taxation, for a total of \$23,000 for the project.

The plan was for a hard surface sidewalk, level with the road surface of Route 101, distinguished from the road itself by painted markings. The feeling of the Meeting was that the possibility of a path completely off the road, at least for part of the distance, should be looked into further. Consideration of the Article was therefore postponed to an Adjourned Town Meeting to be held on April 30, 1983.

At the Adjourned Town Meeting, Mr. Whitney reported that the Dublin Lake Club had agreed to grant an easement to the Town for use of a strip of land along the border of Lake Club property and Route 101, of sufficient width for a bicycle path, provided that the land would revert to the Club if ever abandoned by the Town, and provided that any legal fees, registry charges, etc. would be borne by the town.

He also advised that Mrs. Kelly had given tentative agreement for a similar easement on her land, between Snow Hill Road and Upper Jaffrey Road bordering on Route 101, although she reserved the right to reconsider depending on the outcome of work being done by the State on the section between Upper Jaffrey Road and the Library.

Mr. Knapp, Chairman of the Committee, felt that the \$23,000 figure on the Motion would be sufficient to cover the revised plan, and it was agreed that a start on this project should be made, now, with the Lake Club portion. (Note: A bicycle path from the village to the Women's Club Beach was first proposed by James A. Haddock, and research done on other towns' experiences by Emily B. Anable, in 1973!) The Motion was passed.

In August 1983, the Selectmen appointed Edward F. Whitney to head up the construction of the path. A route was laid out, and after changes suggested by Lake Club officers, members of the Sidewalk Committee, and the Dublin Planning Board, approval was received from all parties involved. Bids were solicited from three contractors, two of whom walked the path route and submitted bids.

The bicycle path will start at the side (South) entrance to the Women's Club Beach property, skirt just inside the Lake Club exit gate, and continue approximately 20-30 feet from the border of the Route 101 Right of Way, within Lake Club property, for a distance of 890 feet to the intersection of Lake Road, Snow Hill Road and Route 101. For construction purposes, in order to allow use of a truck to lay foundation material, the path will be 10-12 feet wide, but future replanting and seeding will reduce the width to 5-6 feet and provide a chance to introduce a few slight bends and curves. A minimum number of trees and bushes will be cut.

Mr. Norman Davis submitted a bid of \$9,000, plus an estimated \$1,000 for hard pack surface material, the job to be started as soon as weather permits, and to be completed by June 1, 1984. His bid was accepted by the Selectmen on December 19, 1983.

Depending on experience with this portion of the project, plans for the section between Lake Road and Upper Jaffrey Road (possibly at road level), and the narrow section between Upper Jaffrey Road and the Library will be decided upon.

Respectfully submitted,
Edward F. Whitney, Chairman
Elizabeth R. Elder
Steven F. Knapp
Pamela Snitko
C. Mitchell Wenigmann

In the name of said State you are hereby directed to collect the taxes in the list herewith committed to you, amounting in all to the sum of Four hundred forty-nine thousand nine hundred eighteen dollars and sixty-five cents (\$449,918.65) with interest at 12% from the First day of December next on all sums not paid on or before that day.

And we further order you to pay the same, when collected, to the Treasurer of said Town on or before the last Monday in every month.

The list on the following pages is a correct list of the assessment of the County, Town, Highway and School taxes for the year 1983, upon the ratable estates in said Town of Dublin, and of all taxes assessed on the real estate in said Town of Dublin, or persons and corporations not resident therein, as made by us, the Selectmen of said Town of Dublin.

Given under our hands and seal, at Dublin, New Hampshire, this Twenty-fourth day of October in the year 1983.

James E. Cuddihee
John J. McKenna
Robert W. Krogman
SELECTMEN OF DUBLIN, N.H.

The Selectmen of Dublin, New Hampshire give notice that they have delivered to Anita J. Crowell, Collector of Taxes, a correct list of the taxes, together with a Warrant in due form of law for collecting the same.

James E. Cuddihee

TOWN OF DUBLIN
DUBLIN, NEW HAMPSHIRE 03444
ORIGINAL WARRANT
RESIDENT TAX LEVY
THE STATE OF NEW HAMPSHIRE

CHESHIRE COUNTY SS

To Anita J. Crowell, Collector of Taxes for the Town of Dublin in said County:

In the name of said State you are hereby directed to collect on or before December first, next following, from the several persons named in the list herewith committed to you, the Resident Taxes in said list set against their names respectively, amounting in all to the total sum of Eight thousand nine hundred dollars (\$8,900.00) and on or before the tenth day of the month following that in which collected, or oftener, pay the same over to the Treasurer as the same are collected.

And you are further directed to add to and collect with all Resident Taxes not paid in full on or before December first, next, a penalty of one dollar (1.00) as incident thereto.

Attached is a correct list of all Resident Taxes assessed by us on the first day of April, 1983 against the persons named.

Given under our hands and seal at Dublin, New Hampshire, this Third day of June in the year 1983.

James E. Cuddihee, Chairman
John J. McKenna
